Washington, D.C. 20022
4/27/81

Dear Harold;

I have not heard from Milton Smith or Austen McCullough so it appears that no one from the Washington area contingent of the class of '36 will be going to Newark on May 2.

I'm sorry to learn about your medical problems and I hope your health improves in 1981.

I'm getting ready to leave for Delaware to assist with some farming at our duck and goose farm. Spring plantings improve the hunting in the fall.

In haste

Sincerely
Walt
